

ASHLEY HAAS

Discipleship is in all areas including academics. Our school years are when we shape most of our world view. The world is getting darker and darker and we need to have a strong foundation in Christ if we are going to stand. I grew up in a Christian home and have been (and still am) very active in church from playing the piano and singing Sunday mornings to writing/co-directing Christmas musicals to Vacation Bible School leadership. Graduating from Oral Roberts University in 2015 Summa Cum Laude with a degree in Worship Arts, I received the Outstanding Worship Arts major award. I've been teaching piano lessons since 2016, and I've also taught music at East Coloma/Nelson. It doesn't matter the subject or the age of the student, it's a joy watching students get that "Ah-ha!" moment
