

I love Jesus! My husband, kids, and extended family are central in my life.

Jesus centered art is my mission. I also believe including our creator in discussions about how we are made and purposed is essential.

Fun facts - I have 2 dogs and am a grandma to a bearded dragon!

At Concordia College I earned two bachelor's degrees majoring in Hospital Administration & Communication with a minor in Spanish. I completed my Masters in Public Health at the University of South Florida.

Remember - "Rejoice always, pray continually, give thanks in all circumstances; for this is god's will for you in Christ Jesus." 1 Thessalonians 5:16-18
